IDEATION

FOR GAMES

MEXICO TASTE

My idea truly based from Mexico City. Why? i choose Mexico City it is because actually, Mexico has a lot of fun stuff that can be used for entertaining. However, there are still a lot of people who has a bad prespective about Mexico since Donald Trump make huge wall to separate between Mexico and USA. Nevertheless Mexico is a beautiful country that has a lot of uniqueness .

So, there are several thing about Mexico that i add to my game such as the Venue of Mexico City , Cihuahua as inspiration for the character , Lucha Libre as an decorations for character , Dia De Muertos for the minion , El Matador as a Boss , and Tortilla Chips as picking up item .

CHIHUAHUA

The **Chihuahua's** history is convoluted and there are many theories surrounding the origin of the breed. Both folklore and archaeological finds show that the breed originated in Mexico. The most common and most likely theory is that Chihuahuas are descended from the Techichi, a companion dog favored by the Toltec civilization in Mexico. No records of the Techichi are available prior to the 9th century, although dog pots from Colima, Mexico, buried as part of the western Mexico shaft tomb tradition which date back to 300 BC are thought to depict Techichis. It is probable that earlier ancestors were present prior to the Mayas as dogs approximating the Chihuahua are found in materials from the Great Pyramid of Cholula, predating 1530 and in the ruins of Chichen Itza on the Yucatán Peninsula.

In fact, wheeled dog toys representing the Chihuahua have been unearthed across Mesoamerica from Mexico to El Salvador.

LUCHA LIBRE

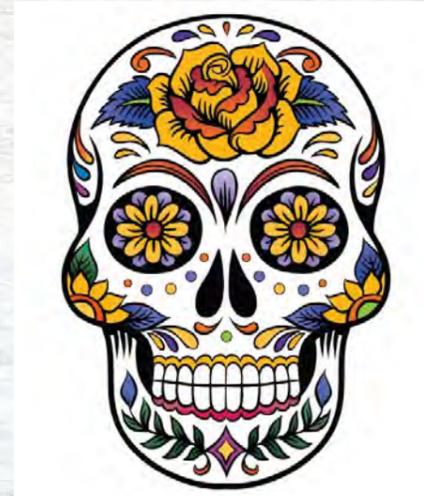

Lucha libre (Spanish pronunciation meaning "Free fight") is a term used in Mexico for a form of professional wrestling developed in the country. Professional wrestling is an athletic form of entertainment based on a portrayal of a combat sport. Although the term today refers exclusively to professional wrestling, it was originally used in the same style as the American and English term "freestyle wrestling" referring to an amateur wrestling style without the restrictions of Greco-Roman wrestling.

Mexican wrestling is characterized by colorful masks, rapid sequences of holds and maneuvers, as well as "high-flying" maneuvers, some of which have been adopted in the United States. The wearing of masks has developed special significance, and matches are sometimes contested in which the loser must permanently remove his mask, which is a wager with a high degree of weight attached.

DÍA DE MUERTOS

Day of the Dead (Spanish: Día de Muertos) is a Mexican holiday celebrated throughout Mexico, in particular the Central and South regions, and by people of Mexican ancestry living in other places, especially the United States. It is acknowledged internationally in many other cultures. The multi-day holiday focuses on gatherings of family and friends to pray for and remember friends and family members who have died, and help support their spiritual journey. In 2008, the tradition was inscribed in the Representative List of the Intangible Cultural Heritage of Humanity by UNESCO.

The holiday is sometimes called Día de los Muertos in Anglophone countries, a back-translation of its original name, Día de Muertos. It is particularly celebrated in Mexico where the day is a public holiday. Prior to Spanish colonization in the 16th century, the celebration took place at the beginning of summer. Gradually, it was as-

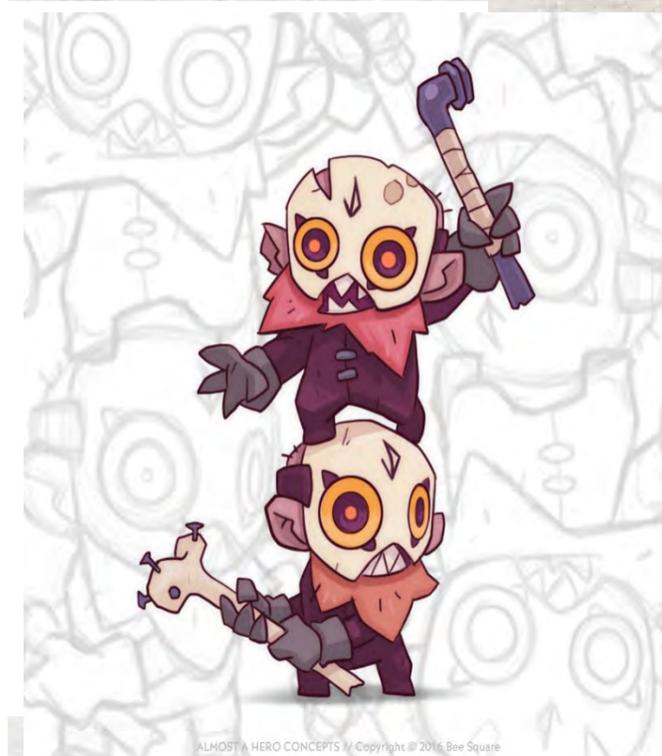

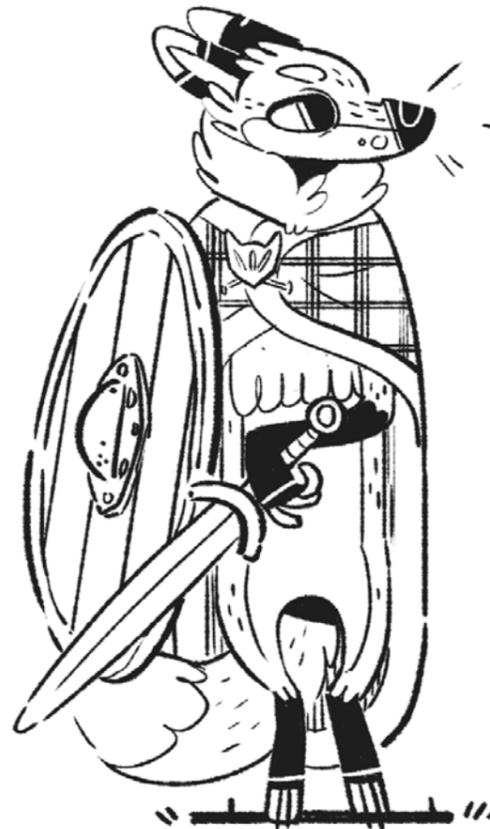

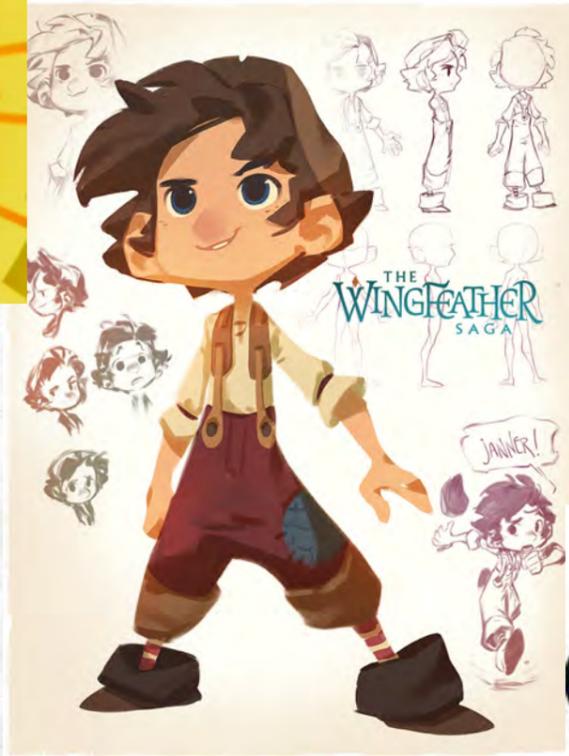

CHARACTER

BOARDS

CHARACTER

DESIGN

SKETCH

The first inspiration that i come up on my mind is a chihuahua that really weird because as we know that chihuahua is very small and not macho. But i try to turn him to be a hero that has super power and strong. I also add a bit of stuff for the mask using green and red color to make more mexican color.

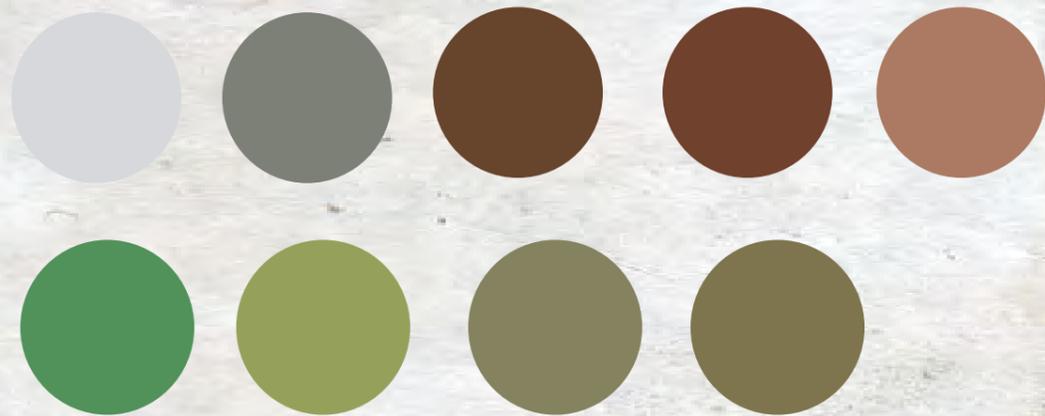

COLORS

DIGITAL SKETCH

After rough sketch on the paper i go straight with the line art on Photoshop .Unfortunately i still cant paint my character nicely but i manage to put the color of my character on Adobe Illustartor .It is going to be flat color with the shade .

COLORS

1ST ATTEMPT

Basically this the first try for the digital progress so i just exactly follow the digital rough sketch and put a color .I also manage to put the shade pattern and also the shape . Still look too freindly and boring at the same time .

ABILITY

Punch
Run
Jump
Blew Air .

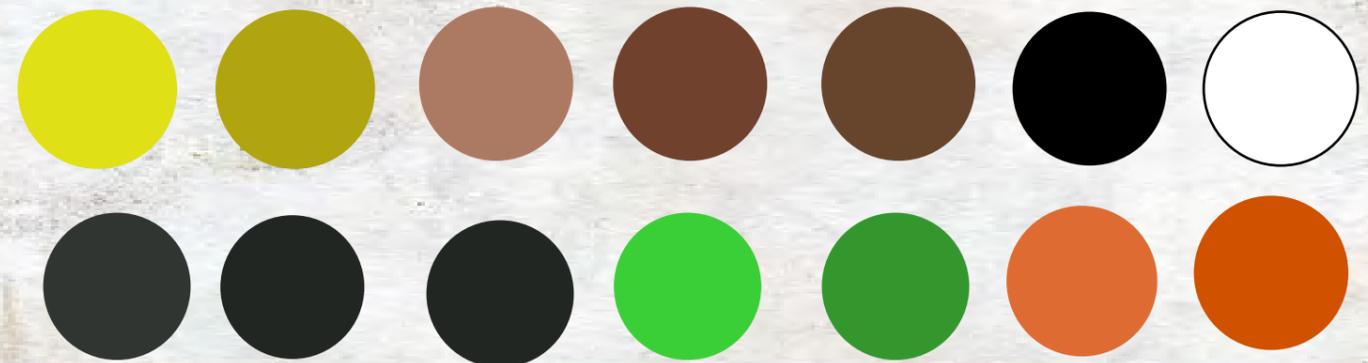

2ND TOUCH

The second touch probably I make a lot of changes with the character shade and the pattern also. Nothing much with the body and the arm as well. But probably this one is look a bit better than the first one still look falt and boring but i will cahnge it for the final touch.

ABILITY

Punch
Run
Jump
Blew Air .

FINALIZE

Allright, so this is the finalize for the El Nino the Brave Cihuahua . Tput a lot of changes inside the character such as the shade , the mouth .I also make the shape little bit sharper than before because it is bring the feel of machones and the roughness of the character as well.Probably this is much better than the last time looks macho and cute in the same time.

ABILITY

Punch
Run
Jump
Blew Air .

PROFILE

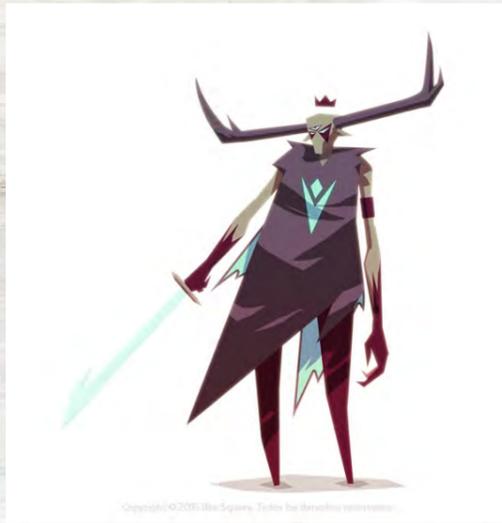

MINION

BOARDS

MINION

This minion was inspired by the moodboard itself . I create something much more cute so people can realize the powerless from this minion is not scary but it can motivate people / player to destroy the minion . I am just adding some simple-simple shape so it is much more acceptable to see by the audience.His ability is to run and punch.

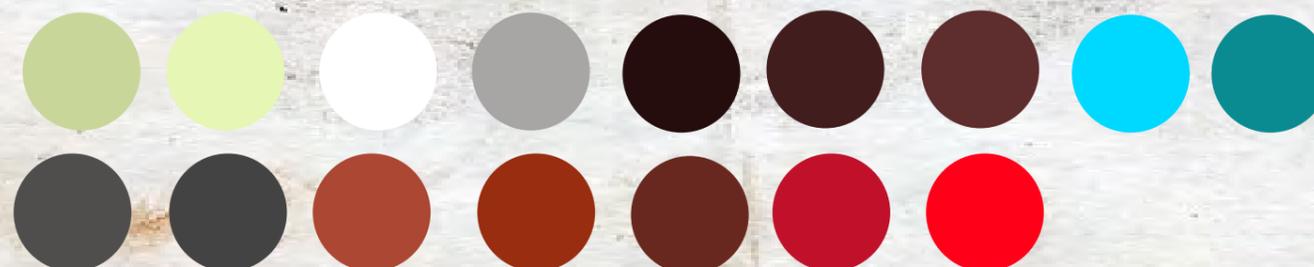

WITCH GENERAL

Witch General has an ability to throw the fire . His movement is quite slow because he is a witch once a again .Another unique stuff being general is they only die after we hit them 3 times . So, it is not the same like an ordinary minion but it is much more stronger and has an unique ability.

ANKLE BULLY

Base from his shape he is strong but he also consider as a general that have an unique ability not to just intimidate .He can turn himself angry when he see the Cihuahua .He really hate Cihuahua so much .So, better becareful with this dude he strong and has an ability to jump quite far.
